

Bitexco Financial Tower

District 1, Ho Chi Minh City, Vietnam

JOINTECH

YOUR TRUSTED SOLUTIONS PROVIDER BEYOND SECURITY

Industry: FINANCIAL

End User:

Bitexco Financial Tower is one of the main tall skyscrapers in Ho Chi Minh City, Vietnam, owned by Bitexco Group that has 68 floors above ground. TMF Group's operates out of floor 08, which are expert accountants, legal, financial, corporate secretarial, HR and payroll professionals that are from around the world that enables clients to operate their corporate structures, finance vehicles and investment funds in different geographical locations. The group helps companies of all sizes to grow their operations. Their client base includes private and listed companies, both in multinational and single-country entities.

Business Objective:

When TMF group opened their offices in Vietnam, the company requested to conduct with the same solutions provider fulfilling all their needs. With two locations in Vietnam, headquarter in the South, TMF group was highly interested in protecting sensitive areas in their offices from all employees of the firm and with visitors that were coming in. The management at TMF felt it was essential to implement a secure access control system that ensured that no one is able to access the office buildings unacknowledged as well as guarantees a fast and immediate response to all intruder threats within the building.

Solution:

The provided access control system installed in every main door and conference room facilitates full control of meetings and discussions without the need for an operator. The system can also be easily extended, and provides ease of use for its various functions and unique features. Multiple controllers and readers are installed in different access points throughout the firm.

The system is further complemented with an ideal state-of-the-art time management programming solution that promises uniform excellence in allowing the correct entry to personnel when prompted, while declining access to intruders.

(Bitexco Financial Tower)
